He was about to play a game of cards with Funches & Fairy when O.D. came in; was sitting on his cards when O.D. came in; Funches was dealing & he did not know whether Funches had cards in his hand when O.D. came in. Called Meeting June 18/97.

The Faculty was called to order by the President at 8:20 P.M. Present on roll call: Messrs. Roman, Hart, Morrison, Wyman & Yager.

The President stated the object of the meeting:-

Whether under the circumstances we better close College before July 8 or not. The President stated that he had had a talk with the Surgeon and that he & the Surgeon were of the opinion that we better close before July 8.

The Surgeon then made the following statement of the situation to the Faculty:-

For the past two weeks there has been an epidemic of fever; that he had been opposed to closing early than the set time & had so used his influence with the boys; but that boys were going home daily; that about 35 boys were in bed with fever; 8 of them quite sick; 2 or 3 he regarded as dangerously sick; & new cases of fever today. For past few days a little slackening up in new cases. A good many of the sick have gone home. Thinks that under the circumstances the Faculty should take some steps in the matter. The hospital overtaxed for some time; 18 sick in barracks - very undesirable place for them.

After considerable discussion it was resolved on motion of Mr. Furman (seconded by Mr. Thompson) that in the opinion of the Faculty, it seemed, under the circumstances, be advisable to close the term on week from today - June 25.

On motion of Mr. Fuller (2d by Mr. Furman) it was resolved that in the future the section marches ^{in the College class} be chosen for the term on the basis of class & examination marks (final marks).

On motion of Mr. Chinnice (2d by Mr. Thompson) the Faculty adjourns at 9:40 P.M.
